

# The Joshua Project

Autumn 2017

Dear Friends

Autumn has come once again and life seems to be travelling at a tremendous pace. We see all the upheaval in the world around us with earthquakes, hurricanes, floods, talks of war etc. This world needs the Gospel as never before and we need to be working while it is still light. This newsletter is an update on where we have been and plans for the next few months. (You can see from the photo above that we visited the full size ark in Kentucky, USA).

Thank you for your ongoing prayer support for the work of J16/The Joshua Project. We are currently booking flights for next year's travelling. This includes trips to Ethiopia, India and The Ivory Coast. Most of the trips now include Leader's Conferences and so involve supporting local ministers to attend. This means more finance to pour into overseas, but the folk we work with are so poor and working in the more remote parts of the world; they need and deserve as much resources as we can provide.

Thank you for standing with us in that. God promised many years ago that He would cause people to stand with us so that we could fulfil the vision and we settle with that, so thank you for being obedient to His prompting.

*Kingsley & Cathy*

# Guatemala

June saw me (Kingsley) heading off to Guatemala. It was a very fruitful time with meetings in Santiago, Sacatepequez. The Humphries Family have been working there for many years, helping the poorest children get a future and a hope. I spoke once again at a meeting of the parents of all the school children; hundreds turned up and many were touched by the Word of God.

I also got to speak at Jeff Mills' church and had a great time with him and Christa with their new local church. I met up also with Abner Gomez from Parramos and his folk.

Then in July, Cathy & I helped to lead a team to Israel. This was an amazing time travelling around places where Jesus walked. This land is still at the centre of the heart of God and it was so exciting to walk by Galilee and around the city of Jerusalem. We are planning to return with a team in July 2019.

# Israel

## USA Summer 2017

As a family, we travelled to the USA. It was a time of preaching in some great churches and we drove 6500 miles through Florida, Louisiana, Mississippi, Texas, Alabama, Kentucky and Indiana. There was a terrific response to the preaching of the Word. But it was the people that impacted us the most. We have incredible friends over there and they all looked after us so well. We went in the summer as Jemima, who is working as a Teaching Assistant, was able to come with us.

## Trips Ahead

### India

### Ethiopia

### Ivory Coast

Next year will be another busy one, travelling as we do. It is more difficult these days to get meetings in the UK, but doors are open more and more overseas. So far, we have planned trips to Ethiopia, India and The Ivory Coast.

Please pray with us about meeting all the needs for these trips.

God is bringing more and more local pastors along our way and they need encouraging. So we are setting up conferences. We have to raise the funds for these. Most of my trips cost around £1000 each to cover flights and hotels etc. The conference in India for the locals will cost £2000. It will also cost £2000 for Ethiopia. If anyone wants to sponsor any of this, please get in touch with us. Thank you again for standing with us—may God richly bless you!
