

The Joshua Project

Spring 2018

Dear Friends

We live in a changing world with weather patterns continually effecting our travel plans. We passed through Orlando, Florida in January and needed our hats!

This newsletter, we hope, will be an encouragement to you. 2018, so far, has been so busy with 2 trips to the US, Ireland, Scotland, Wales, India, Ethiopia and The Ivory Coast. We have seen the continual provision of the Lord and his direction month by month. The wonderful thing has been his Word has been on time in each place and, as a preacher, that is perhaps the most fulfilling part of ministry. God has been speaking directly to people everywhere we have gone. Thank you for your part in this with us; we surely do appreciate you.

God bless you!

Kingsley & Cathy

The Ivory Coast

Pastors Solomon and Armande Ansah have been working in the Ivory Coast for many years. I started going there about 15 years ago and what was 1 church is now 4 . I shared the ministry with Pastor Andy Paget from Bristol. We spoke at the Bible School during the week and on the

Saturday, commissioned a whole batch of Deacons, Assistant Pastors and Pastors. It was fantastic. We met Stephanie, the last of the street girls who came to live in the church (about 40 of them over the years). She is now the worship leader and what a blessing to hear her sing for Jesus. We met all the children in the primary school which is far too small, but they welcomed us with open arms. I wish I could find a church that would take their school on, as the children have to leave at age 9 instead of 11. But we are trusting God. Smiles greeted us everywhere in the presence of insane poverty.

Jemima & Isaac

I arrived back from India on the Saturday and baptized Isaac in our home church on the Sunday with Pastor Glen and what a blessing that was! Isaac wanted to be baptized before joining the army. He signed up last week and has started the process so please pray for him.

Jemima is still finishing off her training and working as a Teaching Assistant. She wants to go to University to be a primary School teacher so please pray for her as well. She heads off to the Philippines on a Missions Trip in May.

Both our children know the Lord and are seeking to serve Him so that is a such a blessing.

& TEXAS

Lyn, Deb, Cathy & Kingsley

Thank you once again for your continued prayer and support. Our Itinerary above is designed to help you pray more effectively for us.

We keep very busy going through doors that the Lord opens for us. This ministry is entirely by faith and our decisions are made on the basis of God's directing not the visible provision. But we know that it is God who has called us and that He will provide for every need.

We hold onto His Promises continually remembering this:

‘The One who calls you is faithful, and He will do it!’ (1Thess.5:24)

God bless you all abundantly today!
